## SUMMARY

I am a highly adaptable and quick-learning individual with a meticulous eye for detail. My main goal is to secure an internship where I can gain hands-on experience and actively contribute to real-world projects. Fueled by a keen interest in exploring cutting-edge technology and software, I aspire to be part of innovations that can reshape the future of performing simple tasks. My academic journey, marked by collaborative projects, highlights my effective communication and teamwork skills. I am enthusiastic about leveraging my knowledge and skills in a professional setting, contributing to innovative solutions and gaining practical experience.

---

## Education

### Kuo Chuan Presbyterian Secondary — O levels

2016 - 2019
